- 2 managed but not paid by counc

Loneliness is a real issue. This infographic shows you the number of funerals & their costs that have been paid for by the council per postcode.

These are people who have been forgotten or without family, people with families that can't afford their funerals or won't provide for them, people like you and me. And these are just the people who have died in Leeds between Jan 2012 - Feb 2014.

What about other places and the other years? What about tomorrow?
